Eagle Scout “Service Project” presentation to our Church -- Sunday, November 8th after service (10:00 am) in Frey Hall

Samuel Young, a member of our church sponsored Scout Troop #56, has completed his “Service Project”, a required part of attaining the rank of Eagle Scout. This six month project involved locating the graves of Veterans buried at St James Lutheran Cemetery. The results consist of a book with detailed information on over 250 veterans, a map, and locations (including GPS coordinates). This information will be an excellent resource to anyone doing genealogy or veterans research.
